

## Ridgewood Public Schools 2020-2021 District Assessment Summary

**Key:**

- **Testing Mode** refers to how the student will be administered the assessment. The two modes are computer-based, and paper-and-pencil. Some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to inquire about the options if your child has a medical issue that would not allow them to take the assessment on the computer.
- **Testing Time** is the maximum amount of time allotted to students to complete the assessment.
- **Testing Window** is the period in which districts administer the statewide student assessment. It is not the actual number of days it takes a student to complete the assessment. School districts can choose the specific days within the window to administer the test.
- **Results Available** refers to date districts receive individualized student results from the assessment vendor. These results should be distributed to students, educators and families as soon as possible.
- **Requirement** refers to whether the assessment is required (Req.) by state and/or federal government, or by the district.

Assessment Name	Subject Area(s)	Grade Level Tested	Testing Mode	Testing Time Allotted per Student	Testing Window	Results Available	Req.	Information about Available Accommodations and Accessibility Features	Information for Parents and Guardians Regarding the Assessment
