Chromebook Policy, Procedures, and Information Handbook 2018-19
Ridgewood Public Schools

Ridgewood Public Schools Mission Statement

The Ridgewood Public Schools, committed to a tradition of excellence and innovation, in partnership with the community, provide a rich and challenging learning environment, enabling students to maximize their potential to become lifelong learners and productive, responsible citizens.

A searchable digital copy of this policy is available online at www.ridgewood.k12.nj.us.

ABOUT THE RIDGEWOOD PUBLIC SCHOOLS CHROMEBOOK PROGRAM

The focus of the Chromebook Program in the Ridgewood Public School District is to prepare students for their future in a world of digital technology and information. As we navigate the 21st century, excellence in education requires that technology, including access to the Internet, be readily available and seamlessly integrated throughout the educational program. The primary learning tool of these 21st century students in Ridgewood Public Schools is the Chromebook, a web-oriented device that provides the opportunity to connect student learning to all of the resources and information available online, anywhere, at any time. The individual use of Chromebooks is a way to empower students to learn at their full potential, to communicate and collaborate on analytical thinking and problem solving, and to prepare them for high school, college and the workplace. Technology immersion does not diminish the vital role of the teacher. To the contrary, teachers are critical to the effective use of technology in the learning process. To facilitate that, we have put in place the support structure to enable our teachers to learn about, implement, and enhance the integration of technology in instruction. Learning results from the continuous dynamic interaction among students, educators, parents, and the extended community. Together, we will reach our goal of using technology and applications to further enhance our instruction; provide project and problem-based learning; infuse critical thinking skills; ask “non-Google-able” questions; and capture those teachable moments in real time.

The policies, procedures and information contained in this document apply to Chromebooks and all other technology devices used by students within Ridgewood Public Schools. Administrators and teachers may set additional requirements for computer use at their school sites or in their classrooms. The Chromebook and other district-issued devices, email/Google accounts, are the property of the Ridgewood Public School District and, as a result, may be subject to inspection at any time. The student should have NO expectation of privacy of materials found on a Chromebook, their Google Drive or gmail account. Supplied devices are an educational tool and not intended for personal use such as: gaming, social networking, or high end computing.

CHROMEBOOK POLICY & PROCEDURES AGREEMENT
1. GENERAL INFORMATION/OVERVIEW OF RPS CHROMEBOOK USE

To help students get started in effectively using their Chromebooks, in addition to this Handbook, there is an Google Apps for Education online Chromebook Training Orientation.

Chromebooks are intended for use each school day. Therefore, students are responsible for charging the Chromebook battery before the start of each school day, and bringing their Chromebooks to all of their classes, unless specifically instructed not to do so by their teacher. As a web-oriented device, Chromebooks can also access sites on the Internet to connect to all the resources and information available for student learning, online, anywhere, at any time. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, and schedules may be accessed using the Chromebook.

1.1 Originally Installed Software - G SUITE FOR EDUCATION (GSFE)

- All Chromebooks are supplied with the latest Google Chrome Operating System (OS), and many other applications useful in an educational environment. The Chrome OS will automatically install updates when the computer is shutdown and restarted. There is no need for virus protection with the Chrome OS. Chrome provides multiple layers of protection against viruses and malware, including data encryption and verified boot.
- Chromebooks seamlessly integrate with the G Suite for Education (GSFE) suite of productivity and collaboration tools. This suite includes Google Docs (word processing), Spreadsheets, Presentations, Drawings, Sites, Forms and Classroom. The District will provide GSFE accounts for all teachers, students, and support staff. Grade level software apps are installed remotely onto Chromebooks and managed by the District.
- Students will create and save their school-related files to Google Drive, which is stored in the cloud. Students can access their Google Drive not only from their Chromebook, but from any computer that has Internet access. Students will understand that the Google Drive can be monitored by the district administration and should not contain personal files.
- Students in grades 6-12 are assigned a district email through GSFE that is managed by Ridgewood Public Schools. Students will be able to communicate with other students and staff within Ridgewood Public Schools with the district issued email address, however, only High School students can email outside the Ridgewood Public Schools domain.
- Email is monitored by the district and is subject to filtering of inappropriate content. Students are expected to adhere to the rules and regulations for email use as outlined in the signed District Acceptable Use of Networks/Computers Policy (AUP).

1.2 Additional Software Apps and Extensions

- Chrome Web Apps are advanced websites that are similar to other types of programs that are installed on a computer. The main difference from other types of programs is that apps can be used within the web browser rather than being installed on the Chromebook. Some Web Apps (for example, Google Docs) will be available to use when the Chromebook is not connected to the Internet.
- Extensions and Add-Ons are custom features that you can add to Google Chrome to enhance the functionality of apps. The district will install additional apps, extensions and add-ons as they are recommended and approved by teachers and site administrators for a particular course.
- Students will be able to install additional apps on their Chromebooks for educational purposes...
through the Chrome Web Store. Any software app that does not conform to the Acceptable Use of Networks/Computers Policy (AUP) or that is deemed inappropriate for use in school is not to be downloaded or installed on the Chromebooks and will be blocked.

1.3 Home Use

● Students are allowed to set up access to home wireless networks on their Chromebooks. This will assist students with the ability to successfully complete, retrieve, access, etc., educational content used in classes with the Chromebook.

● Students are encouraged to use their Chromebooks at home and other locations outside of school. A WiFi Internet connection will be required for the majority of Chromebook use; however, some applications can be used while not connected to the Internet. Students are bound by the policies and procedures in this Handbook, the District Acceptable Use of Networks/Computers Policy (AUP), the School District Provided Technology Devices to Pupils Policy, and wherever they use their Chromebooks.

● The District provides content filtering both on and off campus, however, parents are encouraged to provide a safe environment for students to use their Chromebooks at home for school assignments. For more tips, please see the Parent/Guardian Responsibilities (Appendix B).

IMPORTANT REMINDER:

● All students should recognize and guard their personal and private information. While on the Internet, students shall not reveal personal information, including a home address or phone number, or the address or phone numbers of other students.

● All activity on the Chromebook and district-issued email account, whether conducted at school or off site, is subject to search as District property.

2. GENERAL INFORMATION/GETTING STARTED

2.1 Receiving Your Chromebook

Chromebooks will be distributed during selected dates at the beginning of the school year. Each student will receive an AC charger with their Chromebook. Before a Chromebook will be issued to the student, parents and students must login to Skyward Family/Student Access to:

● verify that you have read, understand and accept the following online forms:
  ○ Review of Ridgewood Public Schools Board Policies
  ○ Acceptable Use of Networks/Computers Policy (AUP)
  ○ School District Provided Technology Devices to Pupils Policy
  ○ Chromebook Policy & Procedures Agreement
  ○ Anti-Big Brother Act Compliance Notice

● pay the mandatory Insurance Plan fee of $30.00 (see section 2.2 Insurance Plan for details)

● pay all other Fees and monies owed (Activities, Food Service, etc.)

*Purchase of an additional protective sleeve or carrying case is highly recommended as it will protect the Chromebook from accidental damage.
2.2 Insurance Plan

- RPS requires that an Insurance Plan be purchased prior to receiving a Chromebook. The cost is $30 annually. This protection package covers any type of device malfunction, including:
  - Hardware
  - Accidental Damage (drops/spills)
  - Cracked Screen
  - Liquid Submersion
  - Power Surge (lightning)
  - Theft
  - Vandalism

- Damages that result from abuse or neglect are the responsibility of the student and subject to fees. In the event of theft, vandalism, or other criminal acts, the student/parent/guardian MUST file a report with the local police department, submit a copy to the school. The fee for a lost Chromebook will be the full replacement cost of the device. A replacement device will not be issued until documentation is complete and fees are paid in full. See Section 6: Repairs & Fees

2.3 Returning Your Chromebook

- Students withdrawing from Ridgewood Public Schools, by either promotion, graduation, or relocation, must return their Chromebook and all district-purchased accessories to their Guidance Counselor on their last day of attendance, or a date, place and time determined by school administration.
- If upon inspection of the device, there is evidence of abuse, neglect or intentional damage, the student/parent/guardian will be charged a fee for needed repairs, not to exceed the replacement cost of the Chromebook.
- Failure to turn in the Chromebook and accessories will result in the student/parent/guardian being charged the full replacement cost. If payment is not received, the matter will be turned over to a collection agency. Any Chromebook not returned will be considered stolen property and law enforcement agencies will be notified.

3. CHROMEBOOK CARE: PROTECTING & STORING YOUR CHROMEBOOK

Students are responsible for the general care of the district-owned Chromebook. Chromebooks that are broken, or fail to work properly, must be reported to the Technology Office, in accordance with school procedures, as soon as possible. If a loaner Chromebook is needed, one may be issued to the student until their Chromebook can be repaired (subject to availability). **DO NOT TAKE DISTRICT-OWNED CHROMEBOOKS TO AN OUTSIDE COMPUTER SERVICE FOR ANY TYPE OF REPAIRS.** Students may be selected at random by teachers or administrators to provide their Chromebook for inspection for damages or misuse.
3.1 General Care and Precautions

- Chromebook battery must be fully charged before the start of each school day.
- Do not remove the Ridgewood Public Schools logo, identification tag or barcode from the Chromebook.
- Vents should not be covered.
- Cords, cables, and removable storage devices must be inserted carefully into the Chromebook.
- Chromebooks should not be used with the power cord plugged in when the cord may be a tripping hazard.
- Chromebooks and chargers should be kept away from food and drinks, small children, and pets.
- Do not bump the Chromebook against lockers, walls, car doors, floors, etc.
- Chromebooks must remain free of any writing, drawing, stickers, or labels that are not the property of the Ridgewood Public School District.
- Chromebooks must never be left in an unlocked car or any unsupervised area in or outside of school. Unsupervised areas include the school grounds, the lunchroom, vehicles, bathrooms, computer labs, library, unlocked classrooms, and hallways. If a Chromebook is found in an unsupervised area, it should be immediately reported to the Technology Office in your school.

3.2 Chromebook Screen Care

The Chromebook screen is particularly sensitive and can be easily damaged if subjected to rough treatment and excessive pressure. Protect the Chromebook screen by following the rules below.

- Do not lift Chromebooks by the screen. When moving a Chromebook support it from the bottom with the lid closed.
- Clean the screen with a soft, dry anti-static, or microfiber cloth. Do not use window cleaner or any type of liquid or water on the Chromebook.
- Do not lean or place anything on top of the Chromebook.
- Do not place anything on the keyboard before closing the lid (e.g., pens, pencils, notebooks).
- Do not place anything near the Chromebook that could put pressure on the screen.
- Do not wedge the Chromebook into a book bag or place anything in the carrying case that will press against the cover as this will damage the screen.
- Do not poke the screen.
- For screen adjustment do not grasp screen by wrapping hand around screen; your thumbs can shatter the screen.

3.3 Carrying Chromebooks

- Carry your Chromebook in a secured carrying case for extra protection, i.e., padded sleeve section of your backpack.
- Never carry the Chromebook while the screen is open.
- Do not transport Chromebook with the power cord inserted.

3.4 Storing Your Chromebook

- Chromebooks should never be left in vehicles or a location that is not temperature controlled.
- Chromebooks should be stored safely at all times, especially during extra-curricular events.
- Chromebooks should never be shoved into a locker, placed on the bottom of a pile or wedged into a book bag as this may break the screen.
- Never store your Chromebook in your carry case or backpack with the power cord inserted.
3.5 Asset Tags and Logos

- All Chromebooks will be labeled with a school asset tag and Ridgewood Public School logo. Chromebook asset tags are recorded and associated with student accounts. Chromebooks must have a RPS asset tag on them at all times.
- Asset tags and logos may not be modified or tampered with in any way. Students may be charged or disciplined for tampering with a school asset tag logo or turning in a Chromebook without a school asset tag or logo.

4. USING YOUR CHROMEBOOK

4.1 Student Responsibilities and Legal Propriety

- Bring fully charged Chromebooks to school every day.
- Bring your Chromebook to all of your classes, unless specifically instructed not to do so by your teacher.
- Follow each teacher’s rules and expectations regarding Chromebook use in the classroom.
- Do not loan your Chromebook to anyone or leave it unattended.
- Do not change District settings, remove District identification tags or barcodes from District issued devices.
- Follow Internet safety guidelines in accordance to the AUP. Do not use chat rooms other than those set up by teachers or mandated in other distance education courses.
- Keep personal information and identity secure and private. Never reveal your full name, phone number, home address, Social Security number, credit card numbers, passwords, or those of other people.
- Obey general school rules concerning behavior and communication that apply to technology use. Do not send harmful, anonymous or misleading communications for any purpose.
- Comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher or parent.
- Plagiarism is a violation of the student policy. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the Internet, such as graphics, movies, and text.
- Use RPS network, services, devices or equipment in a manner that is not disruptive to others, such as disseminating inappropriate content, spam/viruses, transferring large amounts of data across the network, or attempting to hack into network/online systems. Do not attempt to bypass the RPS web filter, attempt to gain access, or use/change other students’ accounts, files, or data.
- Use or possession of hacking software is strictly prohibited and violators will be subject to discipline. Violation of applicable state or federal law will result in criminal prosecution or disciplinary action by the district.
- Students must not use the school’s Internet/email accounts for financial or commercial gain, or for any illegal activity including, bullying, harassing, credit card fraud, electronic forgery or other forms of illegal behavior.

4.2 Managing Your Files and Saving Your Work

- Students will be logging into Ridgewood Public School’s G Suite for Education domain and saving
documents to Google Drive via the Chromebook or any device that has Internet access.

- Storage space will be available on the Chromebook, but since the device has storage limitations it is vital that the storage space be privileged for educational use only.
- Chromebooks will NOT be backed up by the district in cases of resetting or re-imaging. It is the student’s responsibility to ensure that their work is backed up and therefore not lost due to mechanical failure or accidental deletion.
- If technical difficulties occur and cannot be repaired, the Chromebook may need to be restored to factory defaults. All student created files stored on an external miniSD card, USB flash drive, or Google Drive will remain intact after the operating system is restored. However, all other data (documents, photos, music) stored on local internal memory of the Chromebook will not be restored.

4.3 Chromebooks Left at Home
- If students leave their Chromebook at home, they are responsible for completing their coursework as if they had their Chromebook present.

4.4 Chromebook Battery
- Chromebooks must be charged each evening and brought to school each day in a fully charged condition. In cases where use of the Chromebook has caused batteries to drain, students may be able to connect their device to a power outlet in class or at designated charging stations within the school, such as the Library Media Center.

4.5 Photos, Screensavers, and Background photos
- Inappropriate media may not be used as a screensaver or background.
- Images of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, gang related symbols or pictures will result in disciplinary actions.
- Photos/videos require a large amount of storage space on the device. Only photos that are for an educational purpose should saved to the device. All other photos/videos should not be taken or stored.

4.6 Sound, Music, Games, or Programs
- Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- Students should have their own personal set of headphones, which may be used in the classroom at the discretion of teachers.
- Data Storage on the Chromebook is limited and should be managed by the students so that the full educational potential of the Chromebook is available. Any instance of downloading apps that have not been approved by the district is carefully monitored. Students may be directed by school personnel to remove apps, music, videos if the storage of instructional materials is compromised.

4.7 Printing
- At School: Printing functionality will be available on a limited basis at school and subject to classroom requirements. Teachers will encourage and facilitate digital copies of homework.
- At Home: The Chromebook does not support a physical printer connection. Instead, students
may print to their home printers from their Chromebooks using the Google Cloud Print service
http://google.com/cloudprint. Native printing is supported for most of the new printers as well.
A wireless home network is required for printing. Alternately, GSFE documents can be printed
from any other computer, in or out of school, that has a printer connection.

5. SECURITY

5.1 Chromebook Security & Inspection
The district uses a centralized Chromebook management system, which is utilized to change security
settings, update software, add or remove applications, and monitor usage.

- Periodic checks of Chromebooks will be made to ensure that students have not removed
  required apps/extensions.
- Any attempt to change the configuration settings of the Chromebook will result in an immediate
disciplinary action.
- All activity on the Chromebook and district-issued email account, whether conducted at school
  or off site, is subject to search as District property.
- Reasons for Chromebook inspection may include but are not limited to the following:
  functionality, maintenance, serviceability, behavior and various violations of student AUP
  when using the Chromebook.

5.2 Network Security
The Ridgewood Public Schools will be responsible for providing network access and content filtering
at school.

- The RPS District makes no guarantee that their network will be up and running 100% of the
time. In the rare instances that the network is down, the District will not be responsible for lost
or missing data.
- Students will not be penalized if the network is down and a completed assignment cannot be
accessed for class projects, presentations, etc., as this type of network outage will affect all
students and staff in the school building.
- The school utilizes an Internet content filter that is in compliance with the federally mandated
Children’s Internet Protection Act (CIPA). All Chromebooks will have all Internet activity
protected and monitored by the District. If an educationally valuable site is blocked, students
should contact their teachers to request the site be unblocked.
- While the District provides Internet content filtering both on and off campus, parents/guardians
are responsible for monitoring student internet use when off campus and at home (see
Appendix B).
- Attempting to disable or bypass district Internet content filters, including using or attempting to
use proxies to access sites that would otherwise be restricted, is not permitted and will result in
disciplinary action. Student use of the Internet is monitored on school issued devices.
- Restrictions on the network and computers will block certain functions. Any attempt to bypass
these restrictions will be seen as a violation of the District AUP and appropriate disciplinary
action will be taken.
5.3 Privacy

- As per the Anti-Big Brother Act (N.J.S.A. 18A:36-39 (P.L. 2013, c. 44)), school-issued electronic devices have the ability to record or collect information on user’s activity, both online and offline. The Ridgewood Public Schools will not use any of these capabilities in a manner that would violate the privacy rights of a student or individual residing with the student.
- All files stored on the Ridgewood Public Schools GSFE accounts or network are the property of the district and are subject to regular review and monitoring for responsible use. Internet history and email checks may occur at the discretion of the District Administration. Students have no expectation of confidentiality or privacy with respect to the usage or content of a district-issued Chromebook, regardless of whether that use is for district-related or personal purposes, other than as specifically provided by law.

IMPORTANT REMINDER:

All students should recognize and guard their personal and private information. While on the Internet, students shall not reveal personal information, including a home address or phone number, or the address or phone numbers of other students.

6.0 REPAIRS & FEES

6.1 Chromebook Repairs

- Chromebooks that are broken or fail to work properly must be reported immediately to the Technology Office. This includes, but is not limited to: Chrome OS (operating system), battery issues, loss of Internet connectivity, failure of apps to launch, etc.
- If deemed necessary, a replacement will be issued if there is one available.
- The Technology Office will document the issue and collect the device for repair.
- A student borrowing a Chromebook must sign a loaner agreement. Students will be responsible for caring for the loaner as if it were their own, and are subject to charges for damages, theft, or loss.
- The Technology Office will email student when repairs are complete and device is ready for pick-up. Students must return loaner devices promptly after receiving notification. The loaner device will be disabled if not returned within three days.
- If repair is needed due to abuse or neglect, there will be a fee for needed repairs, not to exceed the replacement cost of the Chromebook. The school may also refuse to provide a loaner or reissue a Chromebook for repeated or intentional damages, and may incur additional charges (see 6.2 Fees/Fines).

6.2 Fees/Fines

- Any hardware/software repairs not due to misuse or intentional damage will be covered by the Insurance Plan; however, any intentional damage to the device will incur a cost, as outlined below.
- Fines will be imposed as the circumstances may warrant at the discretion of the District.
- After two incidents of accidental damage, the student may lose the privilege of taking the device home, and may also result in disciplinary action, and additional fees including the purchase of additional insurance.
- Estimated costs/fees are listed below and subject to change.
Insurance Plan Fee $30
Charger/Adapter $20
Battery $60
LCD/Screen $80
Keyboard/Touchpad $80
Plastic body parts (top/bottom cover, bezel etc.) $30 each
Replacement Chromebook $280

APPENDIX A: ACTIONS REQUIRING DISCIPLINARY ACTIONS

As mentioned throughout this document, misuse of Chromebooks has the potential to earn disciplinary consequences such as, but not limited to, lunch detentions, After-School detentions, In-School Suspensions, and Out-of-School Suspensions.

Examples of conduct warranting disciplinary action include, but are not limited to, the following:

- Leaving Chromebook unattended or in an unsupervised area
- Inadequate care for Chromebook, charger, and other peripherals
- Multiple damage instances caused by abuse or neglect of Chromebooks and peripherals
- Resetting Chromebook to factory defaults
- Placing the Chromebook in developer mode
- Removal of District Asset Tags
- Downloading inappropriate apps and media
- Using the device to engage in inappropriate behaviors
- Adjusting settings on someone else's Chromebook
- Deleting school-applied settings from a Chromebook
- Adding a credit card to a Google Account (Google Wallet) to purchase music/unapproved apps
- Leaving Chromebook at home; lack of preparation for classes
- Repeatedly bringing uncharged Chromebooks to school
- Bringing Chromebook to Phys. Ed. class, unless directed to by P.E. teacher
- Loaning of student device to other students inside and outside of school
- Using a personal Google account to download purchased apps for yourself or another student(s)
- Attempting to bypass RPS Network Security, including web and content filtering
- Attempting to gain access to other students accounts
- Illegal installation or transmission of copyrighted materials
- Transmission or accessing materials that are obscene, offensive, threatening or otherwise intended to harass or demean recipients
- Non-compliance of District AUP and School District Provided Technology Devices to Pupils Policies

Failure to comply with the guidelines listed in this Handbook, or repeated occurrences of Chromebook damages caused by neglect or abuse, may result in the further disciplinary action, fees, and the loss of home use privileges.
APPENDIX B: PARENT/GUARDIAN RESPONSIBILITIES

Before a device can be issued to students for school and home use, parents must:

- login to Skyward Family Access (SFA) to verify that you have read, understand and accept the following online forms:
  - Review of Ridgewood Public Schools Board Policies
  - Acceptable Use of Networks/Computers Policy (AUP)
  - School District Provided Technology Devices to Pupils Policy
  - Chromebook Policy & Procedures Agreement
  - Anti-Big Brother Act Compliance Notice
- pay the mandatory Insurance Plan fee of $30.00
- pay all other Activities and Food Service Fees and monies owed

Note: The purchase of an additional protective carrying case is highly recommended as it will protect the Chromebook from accidental damage. Specially designed sleeves or bags may be available through your child’s school.

The parent/guardian is responsible for the cost of repair or replacement of the Chromebook if it is intentionally damaged, lost because of negligence, or stolen but not reported to school and the police.

Parents are encouraged to provide a safe environment for students to use their Chromebooks at home for school assignments. A WiFi Internet connection will be required for the majority of Chromebook use; however, some applications, such as Google Docs, can be used while not connected to the Internet.

Parents/Guardians are also encouraged to:

- set rules for student use at home.
- allow use in common areas of the home where student use can easily be monitored.
- demonstrate a genuine interest in student’s use of device.
- reinforce the idea that the device is a productivity tool to support learning, rather than used as a form of entertainment.
- become familiar with internet safety resources such as
  - http://www.commonsensemedia.org/blog/digital-citizenship
  - https://www.netsmartz.org/TrendsandTopics
  - https://www.fosi.org/
  - http://www.connectsafely.org
  - http://wiredsafety.org
  - https://www2.fbi.gov/publications/pguide/pguidee.htm

By electronically signing the Chromebook Policy & Procedures Agreement, you commit to the student expectations and understand the consequences for violations.
This Agreement must be electronically signed by the parent/guardian before a Chromebook will be issued to a student. During the Mandatory Annual Online Re-registration process, you must complete the “Chromebook Agreement and Anti-Big Brother Act” form, which states the following:

RPS Chromebook 1:1 Initiative 2018-19

Ridgewood Public Schools has implemented a 1:1 student computing program and will provide all students in grade 6 - 12 with Dell Chromebooks to use both at school and home. A Chromebook is a personal computer running Google Chrome OS as its operating system. Chromebooks are designed to be used primarily while connected to the Internet and to support applications that reside on the Web with limited offline use. Chromebooks also have Google products built-in and, within seconds of logging in, students can access their personal Google apps account.

Additional information about this program can be found on the District Website with continual updates on the RPS Chromebook 1:1 Initiative.

Student utilization of this district issued device requires parents to complete the following each year:

Payment of Annual Insurance Plan Fee
Parents will be required to pay a mandatory $30.00 annual insurance plan fee that will cover accidental damage, theft, liquid spills, natural disasters, power surge and vandalism. This insurance plan will protect the item on and off school grounds. The policy is also transferable to a replacement unit. Payment can be made online in the Step "Make an Online Payment" of the Mandatory Annual Student Information Update process.

RPS Chromebook Policy, Procedures & Information Handbook
This handbook serves as a resource for both students and parents. Parents and students must read this handbook and then agree to comply with the requirements contained within the handbook. Please also review the School District Provided Technology Devices to Pupils Policy referred to in the Chromebook Handbook.

Selecting VERIFIED from the drop-down menu for “Consent to Chromebook Policy Agreement” on the online form indicates that you acknowledge receipt of and hereby agree to comply with the user requirements contained in the Chromebook Policy, Procedures and Information Handbook.

Ridgewood Public Schools Anti-Big Brother Act Compliance Notice
The Anti-Big Brother Act, New Jersey Statutes Annotated (N.J.S.A.) 18A:36-39 (P.L. 2013, c.44), requires that parents/guardians of students who have been assigned a district or school owned device for use outside of school in connection with the district’s academic program, must be notified and informed of the following:

“If a school district furnishes a student with a laptop computer, cellular telephone, or other electronic device, the district shall provide the student with written or electronic notification that the electronic device may record or collect information on the student’s activity or the student’s use of the device if the electronic device is equipped with a camera, global positioning system, or other feature capable of recording or collecting information on the student's activity or use of the device.”

This document serves as notice that Ridgewood Public Schools shall not use any of the capabilities in a manner that would violate the privacy rights of the student or any individual residing with the student while they are using the device outside of school.

Before your child is permitted to use any district owned device outside of school, you must select VERIFIED from the drop-down menu for “Consent to Anti-Big Brother Act” on the online form indicating that you understand and accept the Anti-Big Brother Act and agree to discuss it with your child.

Ridgewood Public Schools, 2018-19
