Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0

Other Incidents Leading to Removal	0

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:00 AM
Typical End Time	2:55 PM
Length of School Day	6 Hrs 55 Mins
Full Time - Instructional Time	5 Hrs 42 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	88.03	17.5%
Mathematics Proficiency	88.68	17.5%
English Language Arts Growth	18.90	25.0%
Mathematics Growth	17.69	25.0%
Progress Towards English Language Proficiency (coming 2018)	**	**
Chronic Absenteeism	37.23	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	45.66	n/a
Summative Rating: Percentile rank of Summative Score	41.94	n/a
Requires Comprehensive Support: Summative Score is in the bottom 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Courses, Curriculum,
Instruction:

The K-12 district curriculum is aligned to the NJSLS and provides students with a rich and challenging learning experience. Through a well-articulated academic program and in conjunction with varied extended learning opportunities, students are encouraged to maximize their potential, while being prepared for responsible citizenship in a globally connected society. The K-12 curriculum effectively strikes a balance between a tradition of excellence and a culture of innovation.

Clubs and Activities:

Ridgewood Public Schools offer a variety of co-curricular activities at all levels with Ridgewood High School sponsoring 100 award-winning activities.

Staff and Professional Learning:

Professional development in Ridgewood is organized around the district's identified annual goals. New teachers participate in a rich orientation program that begins in the summer and extends across the school year. Professional development days involve teachers in collaborative curriculum work, and the district supports teachers' participation in learning opportunities outside of Ridgewood. The district has made a strong commitment to Orton Gillingham training for its K-12 staff.

Student Supports and Services:

The district offers an array of support services to meet the needs of diverse learners. This includes comprehensive programs for Special Education students, English Language Learners, students with 504 Plans and students with Health Plans. The district uses Intervention and Referral Services and offers Basic Skills Instruction. Guidance Counselors and Child Study Teams work closely with students and their families, and teachers consistently integrate differentiated instructional strategies.

Student Health and Wellness:

Ridgewood Public Schools offer a full and progressive wellness program K-12.

Parent and Community Involvement:

Parents and community members are involved through: Home and School Association, Federated Home and School Association, Learning Services Home and School Association, Booster clubs, Foundation, and Alumni Associations. During the 2017-18 school year, our parent organization raised and donated \$338,481.58 in goods and services to the district.

**Technology and
STEM:**

Students are afforded opportunities in STEM education from grades 3-12 through required and elective courses, and the middle schools and high school use specific Makerspace classrooms to deliver relevant and meaningful STEM curricula. With a robust WiFi and fiber optic network backbone, technology is integrated throughout the K-12 curriculum. Each elementary classroom has access to a chromebook cart, while grades 6-12 operate on a one-to-one chromebook platform. Teachers are well-trained in appropriate technology applications which enhance the instructional experience, and significant investment has been made in instructional technology which advances our students' learning across all subject areas.

Other Information:

George Washington Middle School (GW) seeks to maximize the unique potential of every learner. We do this by educating the whole child, including the social, emotional, and intellectual development of our students. Our standards-based curriculum emphasizes authentic and rigorous learning experiences, problem solving, multiple intelligences, and cooperative and project-based learning throughout our instructional program. A collaborative teaching model is infused into our classrooms at all three grade levels and continues to be a highlight of our program. We have fully embraced technology at GW. We have implemented a “one-to-one” initiative, and each of our students has their own Chromebook to use during the school day as well as at home. All of our students have Google Docs accounts and can seamlessly work between home and school, as well as collaborate with their peers and teachers. We have a new makerspace room for STEAM activities within the school, and we added Design Thinking classes to the curricula. We provide a full range of services to promote the social/emotional growth of our students including guidance counseling, student assistance counseling, and psychological and social work services. GW continues to emphasize its commitment to nurturing a caring, supportive social/emotional learning environment. The concepts of respect and responsibility are infused throughout our entire instructional program. The seventh grade Community Service project emerged as a voluntary opportunity for young people at GW to share their time and efforts with the larger community. We have combined our priority of service to others with the film skills learned in technology electives into the “GW Make a Difference Film Festival.” The objective of the film festival is to have students create powerful short films that highlight particular issues our world is facing and offer audiences the tools and ideas necessary for them to make a difference in our world.
