

# PARENT/GUARDIAN SURVEY 2011-2012: GEORGE WASHINGTON MIDDLE SCHOOL

Results of the May 2012 survey on the Skyward Family Access System for  
George Washington Middle School

*Ridgewood Public  
Schools*

*Dear Parent or Guardian,*

One goal of the Board of Education is to survey the district's parents and guardians each year, alternating a comprehensive satisfaction survey with a brief survey on a singular topic. This May the school district asked its parents and guardians to fill out a survey on the single topic of the Skyward Family Access system. The results of the survey are presented here.

The results present an important snapshot that the Board of Education hopes will contribute to a dialogue among all members of the school community and become a resource for making your school and the district the best they can be.

Thank you to all who took the time to complete the survey. We hope you enjoy reading the report and appreciate your feedback.

### **How to read this report**

The data in this report reflect survey results for your school only. A link to the results for the whole district is also provided below. For each survey question, data are displayed in both tables and bar graphs.

Please note that not all parents participated in the survey. Your school's participation rate is noted below, along with the overall district participation rate.

### **How was the survey conducted?**

The survey was conducted via e-mail from May 7-18, 2012. Using SurveyMonkey software, e-mail invitations with private links were sent to all parent/guardian e-mail addresses on file with the district. Survey respondents participated on a secure survey website, and only one response was allowed for each e-mail address. The survey was completely anonymous.

Numerical data were compiled and charts were created using SurveyMonkey. District data were compiled from the individual school surveys by members of the Ridgewood Public Schools Information Technology Department. The superintendent, administrators and school board members reviewed the data and all comments.

### **What were the results for the whole District?**

A total of 3007 parents or guardians filled out surveys, representing a 39.6% participation rate. [Click here](#) for a summary of the district survey data.

### **How many parents and guardians participated in your school's survey?**

As of 5.31.12	# Students Attending	# E-mails on File	# Participants in Survey	Participation Rate 2011-2012
GWMS	686	977	360	36.8%
District	5714	7586	3007	39.6%

### **How will these survey results be used?**

Complete survey results have been provided to your school's principal, as well as the central administration and the Ridgewood Board of Education. The data will be used to refine the Skyward Family Access system in order to maximize communication between the district and parents and guardians.
